NEWS CORPORATION
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

News Corporation (together with its subsidiaries, "News Corporation," "News Corp," the "Company," "we" or "us") is a global diversified media and information services company comprised of businesses across a range of media, including: information services and news, digital real estate services and book publishing.

Basis of Presentation

The accompanying unaudited consolidated financial statements of the Company, which are referred to herein as the "Consolidated Financial Statements," have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. In the opinion of management, all adjustments consisting only of normal recurring adjustments necessary for a fair presentation have been reflected in these Consolidated Financial Statements. Operating results for the interim period presented are not necessarily indicative of the results that may be expected for the fiscal year ending June 30, 2027. The preparation of the Company's Consolidated Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts that are reported in the Consolidated Financial Statements and accompanying disclosures. Actual results could differ from those estimates.

Intercompany transactions and balances have been eliminated. Equity investments in which the Company exercises significant influence but does not exercise control and is not the primary beneficiary are accounted for using the equity method. Investments in which the Company is not able to exercise significant influence over the investee are measured at fair value, if the fair value is readily determinable. If an investment's fair value is not readily determinable, the Company will measure the investment at cost, less any impairment, plus or minus changes in fair value resulting from observable price changes in orderly transactions for an identical or similar investment of the same issuer.

The consolidated statements of operations are referred to herein as the "Statements of Operations." The consolidated balance sheets are referred to herein as the "Balance Sheets." The consolidated statements of cash flows are referred to herein as the "Statements of Cash Flows."

The accompanying Consolidated Financial Statements and notes thereto should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2026 as filed with the Securities and Exchange Commission (the "SEC") on August 7, 2026 (the "2026 Form 10-K").

The Company's fiscal year ends on the Sunday closest to June 30. Fiscal 2027 and fiscal 2026 include 52 weeks. All references to the three months ended September 30, 2026 and 2025 relate to the three months ended September 27, 2026 and September 28, 2025, respectively. For convenience purposes, the Company dates its Consolidated Financial Statements as of September 30.

Recently Issued Accounting Pronouncements

Adopted

In July 2025, the Financial Accounting Standards Board ("FASB") issued ASU 2025-05*, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets* ("ASU 2025-05"). The amendments in ASU 2025-05 provide entities with a practical expedient to simplify the estimation of expected credit losses on current accounts receivable and current contract assets that arise from transactions accounted for under ASC 606, *Revenue from Contracts with Customers* ("ASC 606") by allowing the assumption that current conditions as of the balance sheet date will not change during the remaining life of the asset. The Company elected the practical expedient available under ASU 2025-05 on a prospective basis as of July 1, 2026 for its annual and interim reporting periods, which did not have a material effect on the Company's Consolidated Financial Statements.

NEWS CORPORATION
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

Issued

In November 2024, the FASB issued ASU 2024-03, *Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses* ("ASU 2024-03"). The amendments in ASU 2024-03 require public entities to disclose specified information about certain costs and expenses. ASU 2024-03 is effective for the Company's annual reporting periods beginning on July 1, 2027 and interim reporting periods beginning on July 1, 2028, with early adoption permitted.

In September 2025, the FASB issued ASU 2025-06, *Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40)* ("ASU 2025-06"). The amendments in ASU 2025-06 eliminate all references to project stages throughout Subtopic 350-40 and require an entity to begin capitalizing software costs when both (1) management has authorized and committed to funding the project and (2) it is probable that the project will be completed and the software will be used to perform the function intended (the "probable-to-complete recognition threshold"). ASU 2025-06 is effective for the Company for its annual reporting periods beginning July 1, 2028, and interim periods within those annual reporting periods, with early adoption permitted. The Company is currently evaluating the impact ASU 2025-06 will have on its consolidated financial statements.

In December 2025, the FASB issued ASU 2025-11, *Interim Reporting (Topic 270): Narrow-Scope Improvements* ("ASU 2025-11"). The amendments in ASU 2025-11 amend ASC Topic 270, *Interim Reporting* to improve the navigability of required interim disclosures and clarify when the guidance is applicable. ASU 2025-11 also adds a principle requiring entities to disclose material events that occurred since the end of the last annual reporting period. ASU 2025-11 is effective for the Company's interim reporting periods beginning July 1, 2028, with early adoption permitted. ASU 2025-11 will not have a material impact on the Company's consolidated financial statements.

In December 2025, the FASB issued ASU 2025-12, *Codification Improvements* ("ASU 2025-12"). The amendments in ASU 2025-12 represent changes that (1) clarify, (2) correct errors, or (3) make minor improvements to the Accounting Standards Codification that make it easier to understand and apply. ASU 2025-12 is effective for the Company's annual reporting periods beginning July 1, 2027, and interim periods within those annual reporting periods, with early adoption permitted. ASU 2025-12 will not have a material impact on the Company's consolidated financial statements.

These amounts do not include (i) contracts with an expected duration of one year or less, (ii) contracts for which variable consideration is determined based on the customer's subsequent sale or usage and (iii) variable consideration allocated to performance obligations accounted for under the series guidance that meets the allocation objective under ASC 606.

Stock Repurchases

On September 22, 2021, the Company announced a stock repurchase program authorizing the Company to purchase up to $1 billion in the aggregate of the Company's outstanding Class A Common Stock and Class B Common Stock (the "2021 Repurchase Program"), which was completed during fiscal 2026. On July 15, 2025, the Company announced a new stock repurchase program authorizing the Company to purchase up to $1 billion in the aggregate of the Company's outstanding Class A Common Stock and Class B Common Stock (the "2025 Repurchase Program" and, together with the 2021 Repurchase Program, the "Stock Repurchase Programs"), which was in addition to the remaining authorized amount under the 2021 Repurchase Program at that time.

The manner, timing, number and share price of any repurchases will be determined by the Company at its discretion and will depend upon such factors as the market price of the stock, general market conditions, applicable securities laws, alternative investment opportunities and other factors. As of September 30, 2026, the remaining authorized amount under the 2025 Repurchase Program was approximately $501 million. The 2025 Repurchase Program has no time limit and may be modified, suspended or discontinued at any time.

Dividends

In August 2026, the Company's Board of Directors (the "Board of Directors") declared a semi-annual cash dividend of $0.10 per share for Class A Common Stock and Class B Common Stock. The dividend was paid on October 7, 2026 to stockholders of record as of September 9, 2026. The timing, declaration, amount and payment of future dividends to stockholders, if any, is within the discretion of the Board of Directors. The Board of Directors' decisions regarding the payment of future dividends will depend on many factors, including the Company's financial condition, earnings, capital requirements and debt facility covenants, other contractual restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the Board of Directors deems relevant.

NOTE 7. FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS

In accordance with ASC 820, *Fair Value Measurements* ("ASC 820"), fair value measurements are required to be disclosed using a three-tiered fair value hierarchy which distinguishes market participant assumptions into the following categories:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than quoted prices included in Level 1. The Company could value assets and liabilities included in this level using dealer and broker quotations, certain pricing models, bid prices, quoted prices for similar assets and liabilities in active markets or other inputs that are observable or can be corroborated by observable market data.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. For the Company, this primarily includes the use of forecasted financial information and other valuation related assumptions such as discount rates and long term growth rates in the income approach as well as the market approach which utilizes certain market and transaction multiples.

The following table summarizes the Company's assets measured at fair value:

	As of September 30, 2026				As of June 30, 2026			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
				(in millions)				
Assets:								
Interest rate derivatives—cash flow hedges	$ —	$ 5	$ —	$ 5	$ —	$ 6	$ —	$ 6
Equity and other securities	87	62	804	953	48	57	802	907
Total assets	$ 87	$ 67	$ 804	$ 958	$ 48	$ 63	$ 802	$ 913

Equity and Other Securities

The fair values of equity and other securities (including equity method investments for which the Company has elected the fair value option) with quoted prices in active markets, which are classified as Level 1 in the fair value hierarchy outlined above, and those that rely on significant observable inputs other than quoted prices in active markets, which are classified as Level 2 in the fair value hierarchy outlined above, are determined based on the closing price at the end of each reporting period. The fair values of equity and other securities without readily determinable fair market values are determined based on cost, less any impairment, plus or minus changes in fair value resulting from observable price changes in orderly transactions for an identical or similar investment of the same issuer. These securities are classified as Level 3 in the fair value hierarchy outlined above.

Derivative Instruments

The Company is directly and indirectly affected by risks associated with changes in certain market conditions. When deemed appropriate, the Company uses derivative instruments to mitigate the potential impact of these market risks. The primary market risk managed by the Company through the use of derivative instruments relates to interest rate risk arising from floating rate News Corporation borrowings.

The Company formally designates qualifying derivatives as hedge relationships and applies hedge accounting when considered appropriate. The Company does not use derivative financial instruments for trading or speculative purposes.

Derivatives are classified as current or non-current in the Balance Sheets based on their maturity dates. Refer to the table below for further details:

	Balance Sheet Classification	As of September 30, 2026	As of June 30, 2026
		(in millions)	
Interest rate derivatives—cash flow hedges	Other current assets	$ 5	$ 6

Cash Flow Hedges

The Company utilizes interest rate derivatives to mitigate interest rate risk in relation to future interest payments.

The total notional value of interest rate swap derivatives designated for hedging was approximately $444 million as of September 30, 2026 for News Corporation borrowings. The maximum hedged term over which the Company is hedging exposure to variability in interest payments is to March 2027. As of September 30, 2026, the Company estimates that approximately $5 million of net derivative gains related to its interest rate swap derivative cash flow hedges included in Accumulated other comprehensive loss will be reclassified into the Statements of Operations within the next twelve months.

The following tables present the impact that changes in the fair values had on Accumulated other comprehensive loss and the Statements of Operations during the three months ended September 30, 2026 and 2025 for derivatives designated as cash flow hedges:

Nonrecurring Fair Value Measurements

In addition to assets and liabilities that are remeasured at fair value on a recurring basis, the Company has certain assets, primarily goodwill, intangible assets, property, plant and equipment, investments in equity securities without readily determinable fair values and equity method investments, that are not required to be remeasured to fair value at the end of each reporting period. On an ongoing basis, the Company monitors whether events occur or circumstances change that would more likely than not reduce the fair values of these assets below their carrying amounts. If the Company determines that these assets are impaired, the Company would write down these assets to fair value. These nonrecurring fair value measurements are considered to be Level 3 in the fair value hierarchy. There have been no material current period or cumulative remeasurements of Level 3 equity and other securities.

Other Fair Value Measurements

As of September 30, 2026, the carrying value of the Company's outstanding borrowings approximates the fair value. The 2022 Senior Notes and the 2021 Senior Notes are classified as Level 2 and the remaining borrowings are classified as Level 3 in the fair value hierarchy.

NOTE 9. COMMITMENTS AND CONTINGENCIES

Commitments

The Company has commitments under certain firm contractual arrangements to make future payments. These firm commitments secure the current and future rights to various assets and services to be used in the normal course of operations. The Company's commitments as of September 30, 2026 have not changed significantly from the disclosures included in the 2026 Form 10-K.

Contingencies

The Company routinely is involved in various legal proceedings, claims and governmental inspections or investigations, including those discussed below. The outcome of these matters and claims is subject to significant uncertainty, and the Company often cannot predict what the eventual outcome of pending matters will be or the timing of the ultimate resolution of these matters. Fees, expenses, fines, penalties, judgments or settlement costs which might be incurred by the Company in connection with the various proceedings could adversely affect its results of operations and financial condition.

The Company establishes an accrued liability for legal claims when it determines that a loss is probable and the amount of the loss can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light of additional information. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters. Legal fees associated with litigation and similar proceedings are expensed as incurred. Except as otherwise provided below, for the contingencies disclosed for which there is at least a reasonable possibility that a loss may be incurred, the Company was unable to estimate the amount of loss or range of loss. The Company recognizes gain contingencies when the gain becomes realized or realizable.

Dow Jones

Beginning in August 2024, a number of purported class action complaints were filed in the U.S. District Court for the Northern District of Illinois against certain pipe converters, distributors and the Company's subsidiary, Oil Price Information Service, LLC ("OPIS"), alleging violations of federal and state antitrust laws. In May 2025, the Company entered into a settlement resolving these complaints, which received final court approval in June 2026. In September 2025, a similar purported class action was filed in the Supreme Court of British Columbia alleging violations of certain provisions of Canadian law and claiming damages and costs among other relief. The Company is currently evaluating this action, and it is not possible at this time to predict with any degree of certainty the ultimate outcome.

In addition, (i) in January 2025, OPIS received a grand jury subpoena issued by the U.S. District Court for the Northern District of California, from the U.S. Department of Justice Antitrust Division, and (ii) in April 2025, OPIS received a civil investigative demand ("CID") from a state attorney general. Both the subpoena and the CID call for production of documents related to PVC pipe, including documents relating to the publication of the PVC and Pipe Weekly Report. OPIS is complying with its obligations under the subpoena and CID.

HarperCollins

Beginning in February 2021, a number of purported class action complaints have been filed in the U.S. District Court for the Southern District of New York (the "N.Y. District Court") against Amazon.com, Inc. ("Amazon") and certain publishers, including the Company's subsidiary, HarperCollins Publishers, L.L.C. ("HarperCollins" and together with the other publishers, the "Publishers"), alleging violations of antitrust and competition laws. The complaints seek treble damages, injunctive relief and attorneys' fees and costs. In August 2023, the N.Y. District Court dismissed the complaints in one of the cases with prejudice and in March 2024, the court dismissed the complaint against the Publishers in the remaining case with prejudice. However, the plaintiffs' time to appeal the N.Y. District Court's decision to dismiss in the latter case does not expire until the complaint against Amazon in that case has been finally determined. While it is not possible at this time to predict with any degree of certainty the ultimate outcome of these actions, HarperCollins believes it has been compliant with applicable laws and intends to defend itself vigorously.

In July 2026, a class action settlement with Anthropic PBC, covering HarperCollins as a class member, received final court approval. As the timing and amount of any potential proceeds receivable under the settlement remain subject to the claims process, the Company has not yet recognized any gain related to this matter.

U.K. Newspaper Matters

Civil claims have been brought against the Company with respect to, among other things, voicemail interception and inappropriate payments to public officials at the Company's former publication, *The News of the World*, and at *The Sun*, and related matters (the "U.K. Newspaper Matters"). The Company has admitted liability in many civil cases and has settled a number of cases and claims. In connection with the separation of the Company from Twenty-First Century Fox, Inc. ("21st Century Fox") on June 28, 2013, the Company and 21st Century Fox agreed in the Separation and Distribution Agreement (the "SDA") that 21st Century Fox would indemnify the Company on an after-tax basis for payments made after such date arising out of civil claims and investigations relating to the U.K. Newspaper Matters as well as related legal and professional fees and expenses, other than in the limited circumstances set forth in the SDA. These indemnification obligations were subsequently assigned, conveyed and transferred to FOX Corporation ("FOX") as part of its separation from 21st Century Fox.

The net expense related to the U.K. Newspaper Matters in Selling, general and administrative was nil and $1 million for the three months ended September 30, 2026 and 2025, respectively. As of September 30, 2026, the Company has provided for its best estimate of the costs incurred and liability for the claims that have been filed and has accrued approximately $4 million. The amount to be indemnified by FOX of approximately $12 million was recorded as a receivable in Other current assets on the Balance Sheet as of September 30, 2026. The Company is not able to predict the ultimate outcome or cost of the civil claims, and it is possible that these proceedings and any adverse resolution thereof could negatively impact its results of operations and financial condition.

NOTE 10. INCOME TAXES

At the end of each interim period, the Company estimates its annual effective tax rate and applies that rate to ordinary quarterly earnings. The tax expense or benefit related to significant, unusual or extraordinary items that will be separately reported or reported net of their related tax effect are individually computed and recognized in the interim period in which those items occur. In addition, the effects of changes in enacted tax laws or rates or tax status are recognized in the interim period in which the change occurs.

For the three months ended September 30, 2026, the Company recorded income tax expense of $81 million on pre-tax income of $296 million, resulting in an effective tax rate that was higher than the U.S. statutory tax rate. The tax rate was impacted by foreign operations which are subject to higher tax rates, remeasurement losses on certain investments with little or no tax benefit and valuation allowances recorded against tax benefits in certain businesses, partially offset by the favorable impact of REA Group's sale of REA India's remaining business.

For the three months ended September 30, 2025, the Company recorded income tax expense of $62 million on pre-tax income of $212 million, resulting in an effective tax rate that was higher than the U.S. statutory tax rate. The tax rate was impacted by foreign operations which are subject to higher tax rates and by valuation allowances recorded against tax benefits in certain businesses.

Management assesses available evidence to determine whether sufficient future taxable income will be generated to permit the use of existing deferred tax assets. Based on management's assessment of available evidence, it has been determined that it is more likely than not that certain deferred tax assets may not be realized and therefore, a valuation allowance has been established against those tax assets.

The Company's tax returns are subject to on-going review and examination by various tax authorities. Tax authorities may not agree with the treatment of items reported in the Company's tax returns, and therefore the outcome of tax reviews and examinations can be unpredictable. The Company is currently undergoing audits with the U.S. Internal Revenue Service for the fiscal year ended June 30, 2024 and certain U.S. states and foreign jurisdictions for various years. The Company believes it has appropriately accrued for the expected outcome of uncertain tax matters and believes such liabilities represent a reasonable provision for taxes ultimately expected to be paid. However, the Company may need to accrue additional income tax expense and its liability may need to be adjusted as new information becomes known and as these tax examinations continue to progress, or as settlements or litigations occur.

On July 4, 2025, H.R. 1 - One Big Beautiful Bill Act ("OBBBA") was enacted into law. The OBBBA makes permanent key elements of the Tax Cuts and Jobs Act, including 100% bonus depreciation, domestic research cost expensing, and the business interest expense limitation. Certain provisions of OBBBA are effective beginning in fiscal 2027. ASC 740, *Income Taxes* requires the effects of changes in tax rates and laws on deferred tax balances to be recognized in the period in which the legislation is enacted. The OBBBA maintains the U.S. Federal income tax rate of 21%. The Company does not expect OBBBA to materially impact its effective tax rate, however the Company continues to assess the impact of OBBBA including future expected guidance from the U.S. Treasury Department and States.

The Organization for Economic Cooperation and Development ("OECD") has proposed a global minimum tax of 15% of reported profits ("Pillar 2") that has been agreed upon in principle by over 140 countries. Following an executive order issued by the United States in January 2025 announcing opposition to aspects of these rules, the G7 issued a statement on June 28, 2025 acknowledging that U.S. parented groups would be exempt from certain aspects of Pillar 2 in recognition of existing U.S. minimum tax rules to which they are subject. On January 5, 2026, the OECD announced a political and technical agreement by the Inclusive Framework on a comprehensive package for a "side-by-side arrangement" (the "Package"). The Package, in the form of administrative guidance, includes a new Simplified Effective Tax Rate Safe Harbour, a one-year extension of the Transitional Country-by-Country Reporting Safe Harbour, a new Substance-based Tax Incentive Safe Harbour and two Safe Harbours related to a Side-by-Side System. This administrative guidance will be incorporated into the Commentary to the Global Anti-Base Erosion Model Rules. The Company does not expect the Package to materially impact its effective tax rate, however, the Company continues to assess the impact of the Package, including future expected guidance from the OECD.

The Company paid gross income taxes of $77 million and $56 million during the three months ended September 30, 2026 and 2025, respectively, and received tax refunds of $1 million in both periods.

The Company's chief operating decision maker ("CODM") is its Chief Executive Officer. Segment EBITDA is the primary measure used by the Company's CODM to evaluate the performance of, and allocate resources within, the Company's businesses. The CODM uses Segment EBITDA to compare actual results to budget and uses this information to, among other things, allocate resources such as incentive compensation to segment managers. Segment EBITDA is defined as revenues less operating expenses and selling, general and administrative expenses. Segment EBITDA does not include: depreciation and amortization, impairment and restructuring charges, equity losses of affiliates, interest (expense) income, net, other, net and income tax (expense) benefit. Segment EBITDA may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of Segment EBITDA. Segment EBITDA provides management, investors and equity analysts with a measure to analyze the operating performance of each of the Company's business segments and its enterprise value against historical data and competitors' data, although historical results may not be indicative of future results (as operating performance is highly contingent on many factors, including customer tastes and preferences).

Revenues—Revenues increased $137 million, or 6%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026.

The revenue increase for the three months ended September 30, 2026 was due to higher revenues at the Digital Real Estate Services segment driven by higher revenues at REA Group and Move, at the Book Publishing segment driven by higher physical and digital book sales and at the Dow Jones segment driven by higher circulation and subscription and advertising revenues. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue increase of $43 million, or 2%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026.

The Company calculates the impact of foreign currency fluctuations for businesses reporting in currencies other than the U.S. dollar by multiplying the results for each quarter in the current period by the difference between the average exchange rate for that quarter and the average exchange rate in effect during the corresponding quarter of the prior year and totaling the impact for all quarters in the current period.

Operating expenses—Operating expenses increased $47 million, or 5%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026.

The increase in operating expenses for the three months ended September 30, 2026 was primarily due to higher costs at the Book Publishing segment driven by higher costs related to higher sales volume and mix of titles. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in an Operating expense increase of $9 million, or 1%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026.

Selling, general and administrative—Selling, general and administrative increased $27 million, or 3%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026.

The increase in Selling, general and administrative for the three months ended September 30, 2026 was primarily due to higher costs at the Dow Jones segment driven by the timing of marketing spend and higher employee costs and at the Other segment driven by higher employee costs, partially offset by lower costs at the Book Publishing segment driven by the absence of a $13 million write-off of a customer receivable related to the closure of a book distributor in the prior year. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a Selling, general and administrative increase of $19 million, or 2%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026.

Depreciation and amortization—Depreciation and amortization expense increased $9 million, or 8%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026 driven by higher depreciation of capitalized software costs, primarily at the Digital Real Estate Services segment. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a depreciation and amortization increase of $3 million, or 3%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026.

Impairment and restructuring charges—During the three months ended September 30, 2026 and 2025, the Company recorded impairment and restructuring charges of $20 million and $19 million, respectively. See Note 3—Impairment and Restructuring Charges in the accompanying Consolidated Financial Statements.

Equity losses of affiliates—For the three months ended September 30, 2026 and 2025, the Company recorded Equity losses of affiliates of $3 million and $2 million, respectively. See Note 4—Investments in the accompanying Consolidated Financial Statements.

Interest income, net—Interest income, net decreased by $2 million, or 33%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026, driven by lower interest income on cash balances. See Note 5—Borrowings and Note 7—Financial Instruments and Fair Value Measurements in the accompanying Consolidated Financial Statements.

Other, net—For the three months ended September 30, 2026 and 2025, the Company recorded Other, net of $38 million and $4 million, respectively. The three months ended September 30, 2026 includes the gain on REA Group's sale of REA India's remaining business. See Note 12—Additional Financial Information in the accompanying Consolidated Financial Statements.

Income tax expense—For the three months ended September 30, 2026, the Company recorded income tax expense of $81 million on pre-tax income of $296 million, resulting in an effective tax rate that was higher than the U.S. statutory tax rate. The tax rate was impacted by foreign operations which are subject to higher tax rates, remeasurement losses on certain investments with little or no tax benefit and valuation allowances recorded against tax benefits in certain businesses, partially offset by the favorable impact of REA Group's sale of REA India's remaining business.

For the three months ended September 30, 2025, the Company recorded income tax expense of $62 million on pre-tax income of $212 million, resulting in an effective tax rate that was higher than the U.S. statutory tax rate. The tax rate was impacted by foreign operations which are subject to higher tax rates and by valuation allowances recorded against tax benefits in certain businesses.

See Note 10—Income Taxes in the accompanying Consolidated Financial Statements.

Net income—Net income for the three months ended September 30, 2026 was $215 million compared to $150 million for the corresponding period of fiscal 2026, an increase of $65 million, or 43%, primarily driven by the factors discussed above.

Net income attributable to noncontrolling interests—Net income attributable to noncontrolling interests was $56 million for the three months ended September 30, 2026 as compared to $38 million for the three months ended September 30, 2025, an increase of $18 million, or 47%.

Segment Analysis

The Company's chief operating decision maker is its Chief Executive Officer. Segment EBITDA is the primary measure used by the Company's chief operating decision maker to evaluate the performance of, and allocate resources within, the Company's businesses. Segment EBITDA is defined as revenues less operating expenses and selling, general and administrative expenses. Segment EBITDA does not include: depreciation and amortization, impairment and restructuring charges, equity losses of affiliates, interest (expense) income, net, other, net and income tax (expense) benefit. Segment EBITDA may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of Segment EBITDA. Segment EBITDA provides management, investors and equity analysts with a measure to analyze the operating performance of each of the Company's business segments and its enterprise value against historical data and competitors' data, although historical results may not be indicative of future results (as operating performance is highly contingent on many factors, including customer tastes and preferences).

Total Segment EBITDA is a non-GAAP measure and should be considered in addition to, not as a substitute for, net income (loss), cash flow from continuing operations and other measures of financial performance reported in accordance with GAAP. In addition, this measure does not reflect cash available to fund requirements and excludes items, such as depreciation and amortization and impairment and restructuring charges, which are significant components in assessing the Company's financial performance. The Company believes that the presentation of Total Segment EBITDA provides useful information regarding the Company's operations and other factors that affect the Company's reported results. Specifically, the Company believes that by excluding certain one-time or non-cash items such as impairment and restructuring charges and depreciation and amortization, as well as potential distortions between periods caused by factors such as financing and capital structures and changes in tax positions or regimes, the Company provides users of its consolidated financial statements with insight into both its core operations as well as the factors that affect reported results between periods but which the Company believes are not representative of its core business. As a result, users of the Company's consolidated financial statements are better able to evaluate changes in the core operating results of the Company across different periods.

The following table reconciles Net income to Total Segment EBITDA for the three months ended September 30, 2026 and 2025:

Segment EBITDA	**$ 75**	**$ 58**	**$ 17**	**29 %**

For the three months ended September 30, 2026, revenues at the Book Publishing segment increased $48 million, or 9%, as compared to the corresponding period of fiscal 2026, primarily due to higher physical and digital book sales. Digital sales increased by 6% as compared to the corresponding period of fiscal 2026 driven by growth in audiobook sales. Digital sales represented approximately 23% of consumer revenues for both the three months ended September 30, 2026 and 2025. Backlist sales represented approximately 66% of consumer revenues for the three months ended September 30, 2026, as compared to 65% for the corresponding period of fiscal 2026.

For the three months ended September 30, 2026, Segment EBITDA at the Book Publishing segment increased $17 million, or 29%, as compared to the corresponding period of fiscal 2026, driven by the higher revenues discussed above and the absence of a $13 million write-off of a customer receivable related to the closure of a book distributor in the prior year, partially offset by higher costs due to higher sales volume and mix of titles.

News Media (24% and 26% of the Company's consolidated revenues for the three months ended September 30, 2026 and 2025, respectively)

	For the three months ended September 30,			
	2026	2025	Change	% Change
(in millions, except %)			Better/(Worse)	
Revenues:				
Circulation and subscription	$ 297	$ 289	$ 8	3 %
Advertising	187	191	(4)	(2) %
Other	56	65	(9)	(14) %
Total Revenues	**540**	**545**	**(5)**	**(1)%**
Operating expenses	(298)	(296)	(2)	(1) %
Selling, general and administrative	(224)	(219)	(5)	(2) %
Segment EBITDA	**$ 18**	**$ 30**	**$ (12)**	**(40)%**

Revenues at the News Media segment decreased $5 million, or 1%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026. Other revenues decreased $9 million, or 14%, as compared to the corresponding period of fiscal 2026. Advertising revenues decreased $4 million, or 2%, as compared to the corresponding period of fiscal 2026, primarily due to lower print advertising revenues, partially offset by the $5 million, or 3%, positive impact of foreign currency fluctuations. Circulation and subscription revenues increased $8 million, or 3%, as compared to the corresponding period of fiscal 2026, driven by the $9 million, or 3%, positive impact of foreign currency fluctuations, as price increases and higher content licensing revenues were more than offset by print volume declines. The impact of foreign currency fluctuations of the U.S. dollar against local currencies resulted in a revenue increase of $17 million, or 3%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026.

Segment EBITDA at the News Media segment decreased by $12 million, or 40%, for the three months ended September 30, 2026 as compared to the corresponding period of fiscal 2026. The decrease was driven by the lower revenues discussed above.

LIQUIDITY AND CAPITAL RESOURCES

Current Financial Condition

The Company's principal source of liquidity is internally generated funds and cash and cash equivalents on hand. As of September 30, 2026, the Company's cash and cash equivalents were $1.8 billion. The Company also has available borrowing capacity under the 2026 Revolving Facility and certain other facilities and expects to have access to the worldwide credit and capital markets, subject to market conditions, in order to issue additional debt if needed or desired. The Company currently expects these elements of liquidity will enable it to meet its liquidity needs for at least the next twelve months, including repayment of indebtedness. Although the Company believes that its cash on hand and future cash from operations, together with its access to the credit and capital markets, will provide adequate resources to fund its operating and financing needs for at least the next twelve months, its access to, and the availability of, financing on acceptable terms in the future will be affected by many factors, including: (i) the financial and operational performance of the Company and/or its operating subsidiaries, as applicable, (ii) the Company's credit ratings and/or the credit rating of its operating subsidiaries, as applicable, (iii) the provisions of any relevant debt instruments, credit agreements, indentures and similar or associated documents, (iv) the liquidity of the overall credit and capital markets and (v) the state of the economy. There can be no assurances that the Company will continue to have access to the credit and capital markets on acceptable terms.

As of September 30, 2026, the Company's consolidated assets included $632 million in cash and cash equivalents that were held by its foreign subsidiaries. Of this amount, $181 million is cash not readily accessible by the Company as it is held by REA Group, a majority owned but separately listed public company. REA Group must declare a dividend in order for the Company to have access to its share of REA Group's cash balance.

The principal uses of cash that affect the Company's liquidity position include the following: operational expenditures including employee costs and paper purchases; capital expenditures; income tax payments; investments in associated entities; acquisitions; the repurchase of shares; dividends; and the repayment of debt and related interest. In addition to the acquisitions and dispositions disclosed elsewhere, as applicable, the Company has evaluated, and expects to continue to evaluate, possible future acquisitions and dispositions of certain businesses. Such transactions may be material and may involve cash, the issuance of the Company's securities or the assumption of indebtedness.

Issuer Purchases of Equity Securities

On September 22, 2021, the Company announced a stock repurchase program authorizing the Company to purchase up to $1 billion in the aggregate of the Company's outstanding Class A Common Stock and Class B Common Stock (the "2021 Repurchase Program"), which was completed during fiscal 2026. On July 15, 2025, the Company announced a new stock repurchase program authorizing the Company to purchase up to $1 billion in the aggregate of the Company's outstanding Class A Common Stock and Class B Common Stock (the "2025 Repurchase Program" and, together with the 2021 Repurchase Program, the "Stock Repurchase Programs"), which was in addition to the remaining authorized amount under the 2021 Repurchase Program at that time.

The manner, timing, number and share price of any repurchases will be determined by the Company at its discretion and will depend upon such factors as the market price of the stock, general market conditions, applicable securities laws, alternative investment opportunities and other factors. As of September 30, 2026, the remaining authorized amount under the 2025 Repurchase Program was approximately $501 million. The 2025 Repurchase Program has no time limit and may be modified, suspended or discontinued at any time.

The following table summarizes the shares repurchased and subsequently retired under the Stock Repurchase Programs and the related consideration paid, excluding associated taxes, fees, commissions or other costs, during the three months ended September 30, 2026 and 2025:

	For the three months ended September 30,			
	2026		2025	
	Shares	Amount	Shares	Amount
	(in millions)			
Class A Common Stock	3.9	$ 111	2.1	$ 62
Class B Common Stock	1.7	55	0.9	32
Total	5.6	$ 166	3.0	$ 94

Dividends

In August 2026, the Company's Board of Directors (the "Board of Directors") declared a semi-annual cash dividend of $0.10 per share for Class A Common Stock and Class B Common Stock. The dividend was paid on October 7, 2026 to stockholders of record as of September 9, 2026. The timing, declaration, amount and payment of future dividends to stockholders, if any, is within the discretion of the Board of Directors. The Board of Directors' decisions regarding the payment of future dividends will depend on many factors, including the Company's financial condition, earnings, capital requirements and debt facility covenants, other contractual restrictions, as well as legal requirements, regulatory constraints, industry practice, market volatility and other factors that the Board of Directors deems relevant.

Sources and Uses of Cash—For the three months ended September 30, 2026 versus the three months ended September 30, 2025

Net cash provided by operating activities from continuing operations for the three months ended September 30, 2026 and 2025 was as follows:

	For the three months ended September 30,	
	2026	2025
	(in millions)	
Net cash provided by operating activities from continuing operations	$ 13	$ 85

Net cash provided by operating activities from continuing operations decreased by $72 million for the three months ended September 30, 2026 as compared to the three months ended September 30, 2025. The decrease was primarily due to higher working capital due to the timing of payments and higher tax payments, partially offset by higher Total Segment EBITDA.

Net cash used in investing activities from continuing operations for the three months ended September 30, 2026 and 2025 was as follows:

	For the three months ended September 30,	
	2026	2025
	(in millions)	
Net cash used in investing activities from continuing operations	$ (79)	$ (101)

Net cash used in investing activities from continuing operations decreased by $22 million for the three months ended September 30, 2026, as compared to the three months ended September 30, 2025, driven by the $41 million decrease in net cash used for acquisitions and the $10 million increase in proceeds from business dispositions, partially offset by $21 million of higher capital expenditures.

Net cash used in financing activities from continuing operations for the three months ended September 30, 2026 and 2025 was as follows:

	For the three months ended September 30,	
	2026	2025
	(in millions)	
Net cash used in financing activities from continuing operations	$ (261)	$ (179)

Net cash used in financing activities from continuing operations was $261 million for the three months ended September 30, 2026, as compared to $179 million for the three months ended September 30, 2025.

During the three months ended September 30, 2026, the Company had $166 million of stock repurchases of outstanding Class A and Class B Common Stock under the 2025 Repurchase Program and dividend payments of $61 million primarily to REA Group minority stockholders.

During the three months ended September 30, 2025, the Company had $92 million of stock repurchases of outstanding Class A and Class B Common Stock under the Stock Repurchase Programs and dividend payments of $47 million primarily to REA Group minority stockholders.

Reconciliation of Free Cash Flow

Free cash flow is a non-GAAP financial measure. Free cash flow is defined as net cash provided by (used in) operating activities from continuing operations less capital expenditures. Free cash flow excludes cash flows from discontinued operations. Free cash flow may not be comparable to similarly titled measures reported by other companies, since companies and investors may differ as to what items should be included in the calculation of free cash flow.

Free cash flow does not represent the total increase or decrease in the cash balance for the period and should be considered in addition to, not as a substitute for, the net change in cash and cash equivalents as presented in the Company's consolidated Statements of Cash Flows prepared in accordance with GAAP, which incorporates all cash movements during the period.

The Company believes free cash flow provides useful information to management and investors about the Company's liquidity and cash flow trends.

The following table presents a reconciliation of net cash provided by operating activities from continuing operations to free cash flow for the three months ended September 30, 2026 and 2025:

	For the three months ended September 30,	
	2026	2025
	(in millions)	
Net cash provided by operating activities from continuing operations	$ 13	$ 85
Less: Capital expenditures	(102)	(81)
Free cash flow	$ (89)	$ 4

Free cash flow for the three months ended September 30, 2026 was $(89) million compared to $4 million in the corresponding period of fiscal 2026. Free cash flow decreased primarily driven by lower cash provided by operating activities from continuing operations and higher capital expenditures.

Borrowings

News Corporation Borrowings

As of September 30, 2026, News Corporation had (i) borrowings of $2.0 billion, including the current portion, consisting of its outstanding 2021 Senior Notes, 2022 Senior Notes and 2026 Term A Loans, and (ii) $1 billion of undrawn commitments available under the 2026 Revolving Facility.

REA Group Borrowings

As of September 30, 2026, REA Group had A$500 million of undrawn commitments available under the 2026 REA Credit Facility. REA Group is a consolidated but non wholly-owned subsidiary of News Corp, and its indebtedness is only guaranteed by REA Group and certain of its subsidiaries and is non-recourse to News Corp.

In September 2026, REA Group terminated its undrawn 2024 REA Credit Facility and entered into the 2026 REA Credit Facility. The 2026 REA Credit Facility provides a three-year A$500 million revolving loan facility maturing on September 30, 2029.

Borrowings under the 2026 REA Credit Facility accrue interest at a floating rate equal to the Australian BBSY plus a margin of between 1.05% and 1.95%, depending on REA Group's net leverage ratio. The 2026 REA Credit Facility carries a commitment fee equal to 40% of the applicable margin on any undrawn balance.

HarperCollins Equipment Lease

In October 2025, HarperCollins entered into a finance leasing arrangement for up to $120 million of equipment for a new warehouse (the "Equipment Lease"). Interest accrues on amounts drawn under the Equipment Lease based on the Term SOFR plus a margin of 1.475%. The Equipment Lease may be drawn on until June 30, 2028, after which lease payments commence for a term of 7 years. The lease obligations are secured by the acquired equipment, and ownership of the equipment acquired under the Equipment Lease will transfer to HarperCollins at the end of the lease term. The Company has recognized finance lease right-of-use assets on the Company's Balance Sheet within Property, plant and equipment, net reflecting equipment received as of September 30, 2026.

All of the Company's borrowings contain customary representations, covenants and events of default. If any of the events of default occur and are not cured within applicable grace periods or waived, any unpaid amounts under the applicable debt agreement may be declared immediately due and payable. The Company was in compliance with all applicable covenants at September 30, 2026.

See Note 5—Borrowings in the accompanying Consolidated Financial Statements and the Company's 2026 Form 10-K for further details regarding the Company's outstanding debt, including additional information about interest rates, amortization (if any) and maturities related to such debt arrangements.

Commitments

The Company has commitments under certain firm contractual arrangements to make future payments. These firm commitments secure the current and future rights to various assets and services to be used in the normal course of operations. The Company's commitments as of September 30, 2026 have not changed significantly from the disclosures included in the 2026 Form 10-K.

Contingencies

The Company routinely is involved in various legal proceedings, claims and governmental inspections or investigations, including those discussed in Note 9 to the Consolidated Financial Statements. The outcome of these matters and claims is subject to significant uncertainty, and the Company often cannot predict what the eventual outcome of pending matters will be or the timing of the ultimate resolution of these matters. Fees, expenses, fines, penalties, judgments or settlement costs which might be incurred by the Company in connection with the various proceedings could adversely affect its results of operations and financial condition.

The Company establishes an accrued liability for legal claims when it determines that a loss is probable and the amount of the loss can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light of additional information. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters. Legal fees associated with litigation and similar proceedings are expensed as incurred. The Company recognizes gain contingencies when the gain becomes realized or realizable. See Note 9—Commitments and Contingencies in the accompanying Consolidated Financial Statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There has been no material change in the Company's assessment of its sensitivity to market risk since its presentation set forth in Item 7A, "Quantitative and Qualitative Disclosures About Market Risk," in the Company's 2026 Form 10-K.

ITEM 4. CONTROLS AND PROCEDURES

(a) Disclosure Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of the end of the period covered by this quarterly report. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act and were effective in ensuring that information required to be disclosed by the Company in the reports it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

(b) Internal Control Over Financial Reporting

There has been no change in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the Company's first quarter of fiscal 2027 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II

ITEM 1. LEGAL PROCEEDINGS

See Note 9—Commitments and Contingencies in the accompanying Consolidated Financial Statements.

ITEM 1A. RISK FACTORS

There have been no material changes to the risk factors described in the 2026 Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On September 22, 2021, the Company announced a stock repurchase program authorizing the Company to purchase up to $1 billion in the aggregate of its outstanding Class A Common Stock and Class B Common Stock (the "2021 Repurchase Program"), which was completed during fiscal 2026. On July 15, 2025, the Company announced a new stock repurchase program authorizing the Company to purchase up to $1 billion in the aggregate of the Company's outstanding Class A Common Stock and Class B Common Stock (the "2025 Repurchase Program" and, together with the 2021 Repurchase Program, the "Stock Repurchase Programs"), which was in addition to the remaining authorized amount under the 2021 Repurchase Program at that time.

The manner, timing, number and share price of any repurchases will be determined by the Company at its discretion and will depend upon such factors as the market price of the stock, general market conditions, applicable securities laws, alternative investment opportunities and other factors. The 2025 Repurchase Program has no time limit and may be modified, suspended or discontinued at any time.

The following table details the Company's monthly share repurchases during the three months ended September 30, 2026:

	Total Number of Shares Purchased[a]		Average Price Paid Per Share[b]		Total Number of Shares Purchased as Part of Publicly Announced Program	Dollar Value of Shares That May Yet Be Purchased Under Publicly Announced Program[b]
